# Find Your Way Here

Bermuda has been a magnet to mariners for over 400 years. Settled in 1609 and immortalized by William Shakespeare in *The Tempest*, the intrigue of the island has never waned.

From its seafaring beginnings, this tiny archipelago in the Atlantic has emerged into a sophisticated, cosmopolitan outpost of leisure and international business. Steeped in history, and culturally authentic with its mix of European, Afro-Caribbean, and Portuguese influences, the island feels equal parts familiar and simultaneously worlds apart from anywhere else.

Find your way here by sea or air and write the next chapter of Bermuda's story.

# Your Itinerary

## Day 1

Upon arrival at the L. F. Wade International airport, you will be whisked 10-minutes away to meet your yacht in the historic Town of St. George, a UNESCO World Heritage site. Meander the narrow alleyways, and local shops scattered around King's Square before stopping at Wahoo's Bistro, a laid-back waterside spot famous for its local delights.

Return to the yacht to acquaint yourself with your floating home before feasting on the inaugural dinner on board with the seventeenth-century town as a backdrop.

## Day 2

In the morning cruise two miles to the secluded Cooper's Island Nature Reserve. You will be met by naturalist and vegan chef, Doreen James who will help you forage native and endemic edible plant as a part of her Wild Herbs & Edible Plants Tour. A food tasting of the bounty you've collected will follow back on board.

After a short cruise, you'll arrive at the Beach Club at Rosewood Bermuda where you can lounge, toes deep in the pink-sand on Bermuda's largest private beach or play golf at the immaculate 18-hole, par-70 Tuckers Point Golf Course. As the sun sets enjoy a selection of seafood dishes ranging from sashimi wahoo, Indian flatbread, or homemade pasta. Classic American fare is available too.

## Day 3

Drop anchor just half a mile offshore to dive the Mary Celeste shipwreck. Resting on a sandy seabed 55 feet below. A bow, anchor, upright paddlewheel frame and boilers remain of the Civil War-era blockade runner. On display at the Bermuda Perfumery is the original bottle of perfume that was discovered in 2011. An on-land option is to hike the canopy of banyan tree roots at Southland's Park or enjoy the sweeping views and sea breeze as you walk the limestone cliffs and network of beach trails along Warwick Long Bay and the famous Horseshoe Bay Beach.

## Day 4

Cruise around the 'hook' of the island to the West End. Explore the historic Royal Naval Dockyard a formal British naval outpost established in 1795. Visit the National Museum of Bermuda and its Hall of History mural that depicts in intriguing detail Bermuda's 400-year history and the Shipwreck Museum with its curated display of some of the more than 1,500 artifacts in its collection.

Take your jet skis out for an adrenaline-fueled ride under Somerset Bridge, the smallest drawbridge in the world, then over to Admiralty House Park to cliff jump and then tie up at Woody's Restaurant for a traditional Bermuda fish sandwich. Order on fresh raisin bread like the locals do with all the trimmings that include tartar sauce, hot sauce, coleslaw, and thin slice of cheese.

Spend the evening at Cambridge Beaches Resort saluting the sunset with cocktails beachside at Breezes before dining at Sunken Harbour.

## Day 5

Dock up at the Hamilton Princess Beach Club Marina located in the bustling City of Hamilton, Bermuda's capital. Shop for unique finds at one-of-a-kind boutiques. Art enthusiasts will enjoy the many murals and sculptures on display throughout several meticulously manicured public parks, the contemporary works at the Bermuda National Gallery, as well as those at Masterworks Museum of Bermuda Art by artists Winslow Homer, Georgia O'Keefe, and Albert Gleizes to name a few. The interactive Bermuda Triangle Exhibit at the Bermuda Ocean Discovery Centre will dispel or deepen the decades old mystery depending on your point of view.

After a leisurely lunch on a shaded verandah, grab an afternoon cocktail at the Bird Cage perched above the water's edge before climbing the belltower of the gothic-inspired Cathedral of the Most Holy Trinity for its unobstructed 360-degree views.

Dinner at the upscale Intrepid restaurant with its scenes of the harbour and private islands in the distance. Post dinner nightlife in the city will await you if so inclined.

## Day 6

As you begin your cruise back toward the eastern end of the island, stop to snorkel the grottos at Walsingham Park.

Replenish by having lunch at the infamous Swizzle Inn but you must indulge in a pitcher (or two or three) of their famous Original Rum Swizzle.

After lunch enjoy a full body massage floating on the water in the Natura Cave Spa at Grotto Bay Beach Resort. If you prefer to forego the treatment you can opt to do a private tour of the dramatic Crystal Caves instead.

Dine under candlelight at the enchanting Tom Moore's Tavern, nestled within a lush tropical setting. This establishment is Bermuda's oldest 'dining house' dating back to 1652.

## Day 7

Wake up in the Town of St. George, back where your Bermuda adventure began. Dine al fresco at Temptations Café a barista-style eatery popular with locals. Enjoy homemade pastries, sandwiches, salads and more. Fresh brewed or iced, there's plenty coffee to fuel up on to start the day.

Join Kristin White of Long Story Short on an electric bicycle to complete Bermuda's 400- year plus story of pirates and privateers, rum running and more.

At the tour's end drop by the St. Regis hotel for bespoke cocktails and lunch by the beach as you watch the gentle ebb and flow of the crystal blue waters lapping the shore.
